PROFILE

I had the opportunity to complete an eight-week, hands-on intensive training program through BioConnect DE, designed and taught by industry-experienced scientists. I have a proven ability to manage day-to-day technical operations, problem-solving, and maintaining inventory. I am seeking to apply leadership, technical experience, and advanced manufacturing skills toward a dynamic career in biomanufacturing and biomedical research. Additionally, I am an experienced Certified Massage Therapist with over 10 years of experience. I possess strong communication skills, am an attentive listener, and have knowledge of human anatomy, aromatherapy, and proper documentation practices guided by the code of ethics. I also have experience in caregiving as a Certified Nurse's Assistant.
